Hi! I'm a backend-focused Full-Stack Developer with over 4 years of experience shaping e-commerce platforms. Instead of just writing code, I focus on building solutions that drive real business value. I design microservices, connect stores with external platforms (like Baselinker and Synerise), integrate seamless payment flows (such as BLIK or PayPal), and set up analytics (GTM, GA4) to help teams understand their users.

EXPERIENCE

Full-Stack Developer

2024 - Present

D9 · Remote

- Designing and developing microservices to seamlessly connect e-commerce platforms with external APIs.
- Taking ownership of checkout and payment integrations, as well as social authentication implementation.
- Setting up and configuring analytics tools (GTM, GA4, Clarity) to provide actionable insights into user behavior.
- Ensuring system stability and performance through effective CI/CD pipelines and Dockerized environments.

Junior Developer

2022 - 2024

SZOPEX DUTKIEWICZ Sp. z o. o., Sp. K. · Remote

- Co-developed and maintained e-commerce platforms with a strong focus on performance, external integrations, and responsive UI.
- Collaborated closely with product and design teams to build and maintain long-term features across multiple regions.
- Supported API integrations and database optimizations to keep high-traffic stores running smoothly.

Junior Developer

2020

Primeo · Kielce, PL

- Created responsive websites and CMS-based applications for local clients.
- Focused on writing clean code, SEO best practices, and ensuring a high-quality frontend experience.

SKILLS

CORE

Laravel, PHP, TypeScript, JavaScript, React, Next.js, Vue.js

DATA & INFRA

PostgreSQL, MySQL, Redis, MongoDB, RabbitMQ, Elasticsearch, Supabase

INTEGRATIONS

eCDP, Synerise, Baselinker, Miinto, Trustmate

PAYMENTS

BLIK, PayU, Tpay, PayPal, PayPo, InPost Pay, GiftPay

ANALYTICS

GTM, GA4, Microsoft Clarity

WORKFLOW

Git, Docker, CI/CD, GitHub, GitLab, Jira, Slack, Figma, Adobe XD

SELECTED INTEGRATIONS

BLIK

PayU

Tpay

PayPal

PayPo

InPost Pay

GiftPay

eCDP

Synerise

Baselinker

Miinto

Trustmate

EDUCATION

Bachelor's in Computer Engineering · Jan Kochanowski University of Kielce

2017 - 2021
